

Products & Services Guide

Lumber | Siding | Decking | Flooring | Panels

GOODFELLOW
THE WOOD SPECIALIST

At Goodfellow, we are "The Wood Specialist". Our ability to adapt to customers needs has earned us a reputation as one of the best wood product distributors.

Lumber

Lumber

A vast selection of softwood lumber items and services to help you complete your residential, industrial or manufacturing projects.

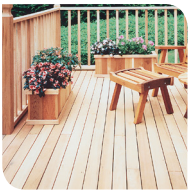

Hardwood

Local and exotic woods, in all sizes, made-to-measure according to your needs for a project of exceptional quality.

Treated Wood

Specialized treatments that produce ecological, antiparasitic and fireproof wood.

Cedar

Sought-after for its appearance and its ecological properties, cedar is ideal for siding and decking projects.

Goodlam

This division specializes in the manufacturing of laminated timber wood and offers engineering services for structural projects.

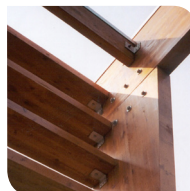

Pine

From kilning to transformation, all kinds of materials in pine: flooring, heavy timber, jointed pine and siding.

Hemlock

Spruce is ideal for structures such as steel-wood bridges, posts and guardrail posts.

Douglas Fir

A strong wood used in the production of large solid wood beams. Maximum size of 30" x 30" x 60'.

Trus Joist - Engineered Wood

High-end materials for durable and quality homes.

Decking

Wood Decking

Cedar, Ipe, and treated wood products to create exterior projects for all budgets and needs: ecological, refined, exotic, high-end and durable.

Composite Decking

A good alternative to traditional decking; composite decking is more stain and fade resistant than wood.

Accessories

All the accessories you need for decks and outdoor designs.

Siding

Real Wood Siding

Wood siding products selected with care thanks to strict quality control in order to ensure a premium quality product in a variety of finishes and colours.

GoodStyle Wood

A complete array of engineered wood siding including structural panels, lap siding, soffit and moulding in a wide assortment of colours.

Fiber Cement

A composite material with the look of wood but which resists fire, insects and mould. Ideal for commercial projects.

Accessories

A complete range of accessories for the installation and finishing of exterior walls.

While honoring its environmental and social responsibilities, Goodfellow offers products designed using the latest technology to bring you the best quality.

Panels

Construction Plywood

The latest technologies in plywood manufacturing to ensure the best quality.

MDF and HDF

MDF panels are ideal for interior non-structural applications.

Melamine and Accessories

These panels are ideal for cabinetry, walls as well as many architectural projects and are offered in a multitude of finishes.

OSB

Oriented strand board is a versatile and performing wood derivative.

Particleboard

Particle wood is a cost-effective solution for interior non-structural applications.

Hardwood Plywood

Exclusive paneling collections appealing to all tastes that will allow you to efficiently complete your projects.

Flooring

Hardwood Flooring

Hardwood flooring in a vast choice of woods, dimensions, finishes and colours.

Laminate Flooring

A vast assortment of laminate flooring imitating local or exotic wood grains according to the latest trends.

Engineered Flooring

Flooring presenting a hardwood surface bonded to many layers of wood for superior stability.

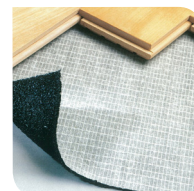

Clickable Tiles

An imaginative solution, extremely resistant, easy to install even in the kitchen and bathroom.

Vinyl and WPC

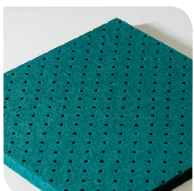

A collection of vinyl flooring that imitates tiles and planking, as well as wood and plastic composite.

Sub-Floor and Accessories

A complete range of accessories for floor installation, finishing and maintenance.

Soundproofing & Insulation

Soundproofing

Innovative solutions that create an acoustical barrier and a high level of soundproofing for all types of construction.

Insulation

A host of products that improves comfort and increases energy savings.
