WOODHAVEN™ PLANKS

FEATURES AND BENEFITS

- 5-in x 84-in planks are made of MDF (medium density fiberboard)
- Prefinished; no sanding, staining or sealing
- Great for covering damaged drywall, plaster or popcorn ceilings
- Install over existing basement ceiling grid
- Items #1140, 1148, 1149, 1138, and 1139 can be used for wainscoting or walls
- Item #1148 and 1149 are paintable*
- Updated ceiling look without ceiling height loss
- New finishes 1138 Woven White and 1139 Woven Charcoal Gray have a linen-like texture, while 1275 Coastal White and 1276 Driftwood Gray have a vintage-inspired rustic look
- Beveled tongue and groove edge minimizes the appearance of gaps during normal expansion and contraction
- Staggered installation means minimal waste
- Class C Fire Performance: appropriate for residential spaces**

** For use in commercial spaces as well, but check with local code officials: In most sprinklered spaces, WoodHaven planks can be installed over unfinished drywall per installation instructions. Certain finishes are not available in all areas.

1138 WOODHAVEN™ WOVEN WHITE (WALL)

INSTALL WOODHAVEN™ PLANKS ON CEILINGS IN THREE WAYS!

Before starting your project, review complete installation instructions at ceilings.com/installwoodhaven for important design and installation considerations.

1 WOODHAVEN CLIPS AND SCREWS

Installation clips & screws are included in the plank package and install directly to furring strips (not included.) This method is suitable for non-flat surfaces; contact Techline at 1-877-ARMSTRONG (276-7876) for additional information.

2 EASY UP® TRACKS AND CLIPS

The Easy Up® installation system is fast and easy with snap-on (vs. screw-in) clips, and is the recommended method to install planks over drywall, plaster or popcorn ceilings.

Item #1190 (20 tracks per carton)
Item #1191 (360 clips per carton) or
Item #1191SC (135 clips per carton)

3 COVER OLD BASEMENT GRID WITH WOOD-LOOK PLANKS

Convert existing 15/16-in drop ceiling grid with WoodHaven™ Planks using Easy Up® clips.

Remove panels

Snap on Easy Up clips

Position planks; slide and secure clips

NOTE: Existing grid must be 15/16-in. Prior to installation, ensure the clip fits snugly on the grid but can still slide smoothly. Visit ceilings.com to order a sample Easy Up Clip to test grid for a snug fit.

INSTALL WOODHAVEN™ PLANKS ON WALLS IN TWO WAYS!

Install vertically on a wall using construction adhesive. Follow the adhesive manufacturer's recommendations for surface preparation and application rate. Use painter's tape if necessary to hold planks in place until the adhesive sets up.

With either option, finish with a trim of your choice.

Install horizontally on a wall using clips included in the WoodHaven plank carton.
