

QUALITY AND CLASSIFICATIONS

Dimension Lumber

Our graders are CLA or QMLA-certified. Our lumber complies with NLGA grading rules for the Western Red Cedar.

Grades available (NLGA grading rules for Canadian lumber):

A and Better: the best quality of wood available, prized for its appearance

B and Better: superior quality of wood used when seeking the most beautiful appearance possible

C and Better: recommended for all finishes requiring a beautiful appearance

Knotty: used for light, residential construction

Select Shop: for the furniture industry and for doors and windows

Knotty Appearance Grade: used for structures

Select Knotty: appearance products for outdoor terraces (e.g.: flooring)

#2 and Better – used for the framework of outdoor terraces

Standard and Better – mainly used for fence boards

Knotty S1S2E – used for exterior cladding
