THIN HDF PANEL

arauco
FIBREX

FibreX is a thin HDF panel (High-Density Fiberboard). It is made from compressed fine wood fibers in St-Stephen, New Brunswick, and is CARB II certified.

Available in standard thickness of 3mm and 4.8 mm by:
48" x 96" or 61" x 97"

Special order: Other thicknesses or lengths.

FibreX can be:

- » Natural brown (two smooth sides)
- » Painted white, black or maple (one or two sides)
- » Perforated
- » Sanded (one or two sides)
- » Cut to size also available

Generally used for furniture backing, drawer bottoms, displays, and similar applications.

Visit our website for more information:
